Breed Column Index 1986

This index has been compiled to assist readers in locating information that appeared in the monthly Breed Columns during 1986. Under each breed or subject heading are references to columns that relate to these breeds and subjects. The first number refers to the month in which that particular column appeared; the number following the colon refers to the page(s) in that issue on which that column can be found.

Vicki Rolls has been compiling the GAZETTE's *Breed Column Index for several years. She is a breeder/exhibitor of Shetland Sheepdogs.*
